

20-24  
JUNE

INUP i2i

### About INUP-i2i

Indian Nanoelectronics User's Programme – Idea to Innovation (INUP-i2i), supported by the Ministry of Electronics and Information Technology (MeitY), GOI, offers the basic and advanced level training programs to the prospective users working in the general area of nanoelectronics. Through this program six MeitY supported centers, including IIT Madras, open up their nanofabrication and characterization facilities for research and process /product development to researchers nationwide.

# INUP-i2i Hands On Training

Fabrication and Characterization of  
Nano Electronic Devices  
at CNNP IIT Madras.

<https://inup.iitm.ac.in>

### Level 2 Training

This Hands-on training workshop will focus on fabrication and characterization of Solar-cell Devices.

Participants of the Hands-on training will have opportunity to learn about the methods and practices of Nanofabrication and Characterization using the clean-room facilities at CNNP IIT Madras.

Online applications are invited from interested researchers of academia who have submitted projects or are planning to submit these under INUP-i2i, IIT Madras. Please scan the QR Code for registration.

### Important Dates:

- Registration Deadline: 3<sup>rd</sup> June, 2022
  - Confirmation of selection: 10<sup>th</sup> June, 2022
- Please arrange your accommodation by yourself.
